

Rating Action: Moody's assigns Aa2 to Rhode Island's GO bonds; outlook stable

12 Oct 2023

New York, October 12, 2023 -- Moody's Investors Service has assigned Aa2 ratings to the State of Rhode Island's approximately \$122.4 million Consolidated Capital Development Loan of 2023, Series A (Tax-Exempt) and \$24.3 million Consolidated Capital Development Loan of 2023, Series B (Federally Taxable). Moody's also maintains the Aa2 issuer rating and Aa2 ratings on \$1.5 billion of the state's outstanding general obligation bonds. The outlook is stable.

RATINGS RATIONALE

Rhode Island's Aa2 general obligation rating is the same as the state's Aa2 issuer rating, given the state's pledge of its full faith, credit and taxing power. The Aa2 issuer rating incorporates Rhode Island's historically narrow but very stable financial position which has been supported by strong fiscal management practices, including multi-year financial planning, consensus revenue forecasting and constitutional requirements for conservative budgeting and reserve set-asides. Strong management practices have helped to shore up the state's finances in the face of an economy that has long lagged the nation's in terms of growth. The state's economic activity and revenue growth accelerated temporarily during the post-COVID recovery period, leaving the state with satisfactory cushion to weather moderate economic uncertainty and inflationary pressures.

RATING OUTLOOK

Rhode Island's stable outlook reflects the state's continuing adherence to practices requiring active financial management and budget balance, resulting in quick budget actions and satisfactory budget flexibility.

FACTORS THAT COULD LEAD TO AN UPGRADE OF THE RATINGS

- Lower leverage
- Sustained economic performance in line with national trends

FACTORS THAT COULD LEAD TO A DOWNGRADE OF THE RATINGS

- Deterioration of state's liquidity position accompanied by worsening reserve and balance sheet position
- Return to budgeting practices that rely on significant nonrecurring resources

LEGAL SECURITY

The general obligation bonds are secured by a pledge of the full faith and credit of the State of Rhode Island.

USE OF PROCEEDS

Proceeds of the 2023 Series A and 2023 Series B bonds will finance various capital projects in the state.

PROFILE

Rhode Island has a population of 1.09 million, the 44th largest. The economy is commensurately small, with a 2022

nominal GDP of \$61.4 billion and total personal income of about \$71.5 billion, ranking 43rd nationally.
