## STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2011

—————  
A N A C T

RELATING TO PUBLIC OFFICERS AND EMPLOYEES--RETIREMENT SYSTEM --  
CONTRIBUTION AND BENEFITS

Introduced By: Senators Paiva Weed, Goodwin, and Ruggerio

Date Introduced: October 18, 2011

Referred To: Senate FINANCE

It is enacted by the General Assembly as follows:

1           SECTION 1. Legislative intent and findings.

2           (a) It is the intention of the general assembly, in enacting this, the Rhode Island  
3 Retirement Security Act of 2011, to ensure the sustainability of the state's public retirement  
4 systems. In thoroughly reviewing the condition of the retirement systems throughout the State of  
5 Rhode Island and assessing the need for comprehensive reform thereof, the general assembly  
6 finds and declares that:

7           (1) The State of Rhode Island has one of the lowest funded and most vulnerable statewide  
8 pension systems in the country.

9           (2) The State of Rhode Island has suffered deeply through the recent recession and  
10 continues to endure some of the highest unemployment and foreclosure rates in the United States.

11           (3) The current condition of Rhode Island's critically underfunded pension system,  
12 combined with the state's continuing financial instability and existing onerous tax burden,  
13 threatens the base pensions of current and future public workers, hampers the ability of the state  
14 to provide its citizens with vital services necessary for the public's health, safety and welfare, and  
15 places an unsustainable financial burden on all Rhode Island citizens and taxpayers.

16           (4) The state retirement system's unfunded liability exceeds \$7 billion as measured by  
17 well-established and accepted public accounting standards.

18           (5) The largest portion of the retirement system, the Employees Retirement System of

1 Rhode Island (ERSRI) fund for teachers and state employees, is funded at a level of 48% which is  
2 well below benchmarks for a viable, sustainable and adequately funded system.

3 (6) Annual government contributions to ERSRI more than doubled between fiscal years  
4 2005 and 2011 and those contributions are estimated to double again in fiscal year 2013 to exceed  
5 over \$600 million. Without immediate and comprehensive legislative action future contributions  
6 will continue to grow dramatically and exceed \$1 billion dollars in necessary annual  
7 contributions.

8 (7) If pension contributions continue to grow at the current and projected levels, they will  
9 be unaffordable and the pension security of our valued public employees will be placed in  
10 jeopardy.

11 (8) It is critical and of paramount importance to ensure that the public pension plans in  
12 Rhode Island can provide secure pension benefits to our public employees.

13 (9) Life expectancy is increasing dramatically as evidenced by the significant changes  
14 made to the mortality tables in the most recent experience study conducted by the actuary for the  
15 ERSRI and the Municipal Employees Retirement System (MERS). It is essential that these new  
16 life expectancy trends be recognized and that retirement ages be increased in a manner that will  
17 provide for a fiscally sound balance between the career length of active employees and the  
18 expected length of years in which a retiree will receive plan benefits.

19 (10) The vast majority of the unfunded liability for ERSRI is attributable to service  
20 rendered by employees who have already retired, and a very significant portion of this unfunded  
21 liability is represented by future cost of living adjustments (COLAs). Although the pension  
22 benefits of active employees have been reduced by recent legislative reforms, retirees still receive  
23 all the benefits that were in place before the legislative changes. In order to provide a sound  
24 benefit program for all members of the retirement system, and to provide current and future  
25 employees with adequate benefit levels that will enable the state and its cities and towns to attract  
26 and retain a highly qualified workforce, it is essential that the COLA benefits for retirees be  
27 impacted as part of this comprehensive reform of the retirement system.

28 (11) The national credit rating agencies that evaluate the security of Rhode Island's debt  
29 offerings have consistently and unanimously emphasized the significant threat posed by the  
30 unfunded liabilities of the state's current retirement system. Rapidly escalating pension costs  
31 were a critical factor in the negative outlook for the state's credit rating recently issued by  
32 Moody's Investors Service.

33 (12) Future downgrades in the public debt markets related to the rising costs and  
34 expenses of the currently existing state pension system will substantially increase Rhode Island's

1 capital cost structure and adversely affect and greatly diminish the state's ability to address  
2 critical infrastructure needs for education, transportation and other crucial public projects.

3 (13) While plans in the Municipal Employees Retirement System (MERS), with an  
4 average funding level of 73%, are generally more adequately funded than the ERS plans, annual  
5 contributions to the MERS plans will increase dramatically in Fiscal Year 2013 at an average rate  
6 of more than 90% for MERS police and fire plans, and greater than 60% for MERS general  
7 municipal employee plans. The dramatically increasing costs from rising contributions to the  
8 MERS plan will result in the further erosion of the ability of towns and cities to provide services  
9 necessary for the health, safety and welfare of their residents.

10 (14) The fiscal peril related to the growing and substantial unfunded pension liabilities  
11 may necessitate other Rhode Island communities filing for bankruptcy protection which has  
12 already been shown to jeopardize and result in the reduction of significant percentages of the base  
13 of pensions of its retired public servants.

14 (15) The looming pension crisis has also impacted the ability of many Rhode Island  
15 communities to access the debt markets and has resulted in Moody's Investors Service taking  
16 negative action on numerous localities which adversely impacts the taxpayers and their ability to  
17 provide vital public services.

18 (16) The myriad of pension program designs throughout Rhode Island creates  
19 inefficiencies and it is efficient, equitable and fiscally prudent, wherever feasible, to promote  
20 similar plan designs for public employees in similar employment positions.

21 (b) To advance and maintain the long-term stability of the public pension programs  
22 sponsored by the State of Rhode Island and its municipalities, the general assembly further finds  
23 and declares that it is of critical and immediate public importance that these public pension  
24 programs be restructured:

25 (1) To ensure that the state and its cities and towns will be able to provide retirement  
26 benefits that will enable our public employees to enjoy a dignified retirement.

27 (2) To ensure a secure and adequate source of retirement funds for public retiree benefits.

28 (3) To ensure that the cost of current and future benefits is not so great and onerous that it  
29 jeopardizes the ability and obligation of the state and its town and cities to fund the costs of  
30 providing our children with an excellent public education; rebuilding and sustaining our  
31 economy; maintaining roads and bridges; providing assistance, care, and support of our neediest  
32 and most vulnerable citizens; and addressing other essential public programs and purposes.

33 (4) The general assembly expressly finds and declares that the situation currently  
34 confronting the State of Rhode Island's publicly financed pension systems has reached an

1 [emergency stage and must be addressed without delay and the enactment of the Rhode Island](#)  
2 [Retirement Security Act of 2011 is reasonable and necessary to achieve and protect the](#)  
3 [compelling public interests listed herein. The general assembly further finds and declares that the](#)  
4 [achievement of those compelling public interests, on balance, far outweigh any impact that such](#)  
5 [enactment might have upon the expectations of active and retired members of the affected](#)  
6 [pension systems as to potential future pension benefits.](#)

32 ~~actuary of the effect on the retirement fund of the special pension benefits described and~~  
33 ~~quantified in the report.~~

34 (c) ~~The retirement board shall take all steps necessary and proper to timely implement~~

1 ~~the provisions of this section, and shall, through March 15, 1993, report to the governor and the~~

3 ~~legislative purposes.~~

20 period. Any state employee who shall have been a contributing member of the municipal system  
21 as defined under the provisions of chapter 21 of title 45 shall be given credit for that service for  
22 the various purposes of this system, provided the member's contributions are transferred to this  
23 system. All contributions made by the member shall be transferred into this system for the periods  
24 of service and the retirement system shall calculate the full actuarial value of the accrued benefit  
25 with the former employer. If the full actuarial value of the accrued benefit with the former  
26 employer is greater than the total employee contributions transferred, the retirement system shall  
27 also transfer the difference between the full actuarial value of the accrued benefit with the former  
28 employer and the employee's contributions from the account of the former employer to the  
29 account of the current employer. In any case in which a member shall have received a refund or  
30 refunds of contributions made to the system, the allowance of the aforesaid credit for service shall  
31 be conditioned upon the payment of the full actuarial cost as defined in subsection 36-8-1(9~~10~~).

2 45 as provided in section 45-21-4 shall be given credit for that service for the various purposes of  
3 this system, provided that the employee shall have met the definitional requirements of  
4 "employee" as stated in section 45-21-2(5) and provided the member pays to the retirement  
5 system an amount equal to the full actuarial value of the credit as certified by the retirement  
6 board; provided, however, that any state employee who shall have been employed by a  
7 municipality which did not elect to accept chapter 21 of title 45 as provided in section 45-21-4  
8 shall be given credit for that service for the various purposes of this system, to a maximum period  
9 of four (4) years, provided the member pays to the retirement system the full actuarial cost as

13 for the maintenance of the system, including the proper and timely payment of benefits in  
14 accordance with the provisions of this chapter and chapters 8, 16, 28, 31 and 42 of this title, by  
15 annually appropriating an amount equal to a percentage of the total compensation paid to the  
16 active membership. The percentage shall be computed by the actuary employed by the retirement  
17 system and shall be certified by the retirement board to the director of administration on or before

19 actuary shall determine the value of:

- 20 (1) The contributions made by the members;  
21 (2) Income on investments; and  
22 (3) Other income of the system.

23 (b) The Actuary shall thereupon compute the yearly employer contribution that will:

25 (2) Amortize the unfunded liability of the system ~~as of June 30, 1999 utilizing a time~~  
26 ~~period not to exceed thirty (30) years~~ [in accordance with section 36-10-2.1\(b\)](#).

31 the contribution for state employees, state police, and judges on a payroll frequency basis, and for

33 (d) In accordance with the intent of section 36-8-20 that the retirement system satisfy the  
34 requirements of section 401(a) of the Internal Revenue Code of 1986, the state shall pay to the

1 retirement system:

2 (i) By June 30, 1995, an amount equal to the sum of the benefits paid to state legislators  
3 pursuant to section 36-10-10.1 in excess of ten thousand dollars (\$10,000) per member (plus  
4 accrued interest on such amount at eight percent (8%)) for all fiscal years beginning July 1, 1991,  
5 and ending June 30, 1995, but this amount shall be paid only if section 36-10-10.1(e) becomes  
6 effective January 1, 1995; and

7 (ii) By December 31, 1994, twenty million seven hundred eighty eight thousand eight  
8 hundred twelve dollars and nineteen cents (\$20,788,812.19) plus accrued interest on that amount  
9 at eight percent (8%) compounded monthly beginning March 1, 1991, and ending on the date this  
10 payment is completed (reduced by amortized amounts already repaid to the retirement system  
11 with respect to the amounts withdrawn by the state during the fiscal year July 1, 1990 – June 30,  
12 1991); and

13 (iii) By June 30, 1995, the sum of the amounts paid by the retirement system for retiree  
14 health benefits described in section 36-12-4 for all fiscal years beginning July 1, 1989, and ending  
15 June 30, 1994, to the extent that the amounts were not paid from the restricted fund described in  
16 subsection (c).

17 (2) Any and all amounts paid to the retirement system under this subsection shall not  
18 increase the amount otherwise payable to the system by the State of Rhode Island under  
19 subsection (a) for the applicable fiscal year. The actuary shall make such adjustments in the  
20 amortization bases and other accounts of the retirement system as he or she deems appropriate to  
21 carry out the provisions and intent of this subsection.

22 (e) In addition to the contributions provided for in subsection (a) through (c) and in order  
23 to provide supplemental employer contributions to the retirement system, commencing in fiscal  
24 year 2006, and each year thereafter:

25 (1) Except for fiscal year 2009, fiscal year 2010 and fiscal year 2011, for each fiscal year  
26 in which the actuarially determined state contribution rate for state employees, [including state](#)  
27 [contributions under chapter 36-10.3](#), is lower than that for the prior fiscal year, the governor shall  
28 include an appropriation to that system equivalent to twenty percent (20%) of the rate reduction  
29 for the state's contribution rate for state employees to be applied to the actuarial accrued liability  
30 of the state employees' retirement system for state employees for each fiscal year.

31 (2) Except for fiscal year 2009, fiscal year 2010 and fiscal year 2011, for each fiscal year  
32 in which the actuarially determined state contribution rate for teachers, [including state](#)  
33 [contributions under chapter 36-10.3](#), is lower than that for the prior fiscal year, the governor shall  
34 include an appropriation to that system equivalent to twenty percent (20%) of the rate reduction

1 for the state's share of the contribution rate for teachers to be applied to the actuarial accrued  
2 liability of the state employees' retirement system for teachers for each fiscal year.

3 (3) The amounts to be appropriated shall be included in the annual appropriation bill and  
4 shall be paid by the general treasurer into the retirement system.

5 (f) While the retirement system's actuary shall not adjust the computation of the annual  
6 required contribution for the year in which supplemental contributions are received, such  
7 contributions once made may be treated as reducing the actuarial liability remaining for  
8 amortization in the next following actuarial valuation to be performed.

9 **36-10-2.1. Actuarial cost method.** – (a) To determine the employer contribution rate for  
10 the State of Rhode Island for fiscal year 2002 and for all fiscal years subsequent, the actuary shall  
11 compute the costs under chapter 10 of title 36 using the entry age normal cost method. [Effective](#)  
12 [July 1, 2012, the entry age normal cost method shall be as defined in Accounting Standard No. 27](#)  
13 [of the Governmental Accounting Standards Board as in effect from time to time.](#)

14 (b) The determination of the employer contribution rate for fiscal year [2013](#) ~~2002~~ and  
15 ~~thereafter~~ shall include a reamortization of the [current](#) Unfunded Actuarial Accrued Liability  
16 (UAAL) over a [closed twenty-five \(25\) year period. After an initial period of five \(5\) years, future](#)  
17 [actuarial gains and losses occurring within a plan year will be amortized over individual new](#)  
18 [twenty \(20\) year closed periods](#) ~~period not to exceed thirty (30) years.~~

19 **36-10-8. Refund of contributions – Repayment and restoration of credits.** – A  
20 member who withdraws from service or ceases to be a member for any reason other than death or  
21 retirement shall be paid on demand a refund consisting of the accumulated contributions standing  
22 to his or her credit in his or her individual account ~~in the annuity savings account~~, without  
23 interest. Any member receiving a refund shall thereby forfeit and relinquish all accrued rights as a  
24 member of the system together with credits for total service previously granted to the member;  
25 provided, however, that if any member who has received a refund shall subsequently reenter the  
26 service and again become a member of the system, he or she shall have the privilege of restoring  
27 all money previously received or disbursed to his or her credit as a refund of contributions, plus  
28 regular interest for the period from the date of refund to the date of the restoration. Upon the  
29 repayment of such refund including accrued interest as herein provided, the member shall again  
30 receive credit for the amount of total service which he or she had previously forfeited by the  
31 acceptance of the refund. The restoration of that credit shall be permitted only after the member  
32 shall have rendered at least one year of continuous service following his or her latest reentry into  
33 service for which he or she shall have made contributions to this system.

34 **36-10-9. Retirement on service allowance – In general.** – Retirement of a member on a

1 service retirement allowance shall be made by the retirement board as follows:

2 (1)(a)(i) Any member may retire upon his or her written application to the retirement  
3 board as of the first day of the calendar month in which the application was filed; provided, the  
4 member was separated from service prior thereto; and further provided, however, that if  
5 separation from service occurs during the month in which application is filed, the effective date  
6 shall be the first day following that separation from service; and provided further that the member  
7 on his or her retirement date attained the age of sixty (60) and completed at least ten (10) years of  
8 contributory service on or before July 1, 2005 or who, regardless of age, has completed twenty-  
9 eight (28) years of total service and has completed at least ten (10) years of contributory service  
10 on or before July 1, 2005, and who retire before October 1, 2009 or are eligible to retire as of  
11 September 30, 2009.

12 (ii) For members who become eligible to retire on or after October 1, 2009 and prior to  
13 July 1, 2012, benefits are available to members who have attained the age of sixty-two (62) and  
14 completed at least ten (10) years of contributory service. For members in service as of October 1,  
15 2009 who were not eligible to retire as of September 30, 2009 but become eligible to retire prior  
16 to July 1, 2012, the minimum retirement age of sixty-two (62) will be adjusted downward in  
17 proportion to the amount of service the member has earned as of September 30, 2009. The  
18 proportional formula shall work as follows:

19 (1) The formula shall determine the first age of retirement eligibility under the laws in  
20 effect on September 30, 2009 which shall then be subtracted from the minimum retirement age of  
21 sixty-two (62).

22 (2) The formula shall then take the member's total service credit as of September 30,  
23 2009 as the numerator and the years of service credit determined under (1) as the denominator.

24 (3) The fraction determined in (2) shall then be multiplied by the age difference  
25 determined in (1) to apply a reduction in years from age sixty-two (62).

26 (b)(i) Any member, who has not completed at least ten (10) years of contributory service  
27 on or before July I, 2005, may retire upon his or her written application to the retirement board as  
28 of the first day of the calendar month in which the application was filed; provided, the member  
29 was separated from service prior thereto; and further provided, however, that if separation from  
30 service occurs during the month in which application is filed, the effective date shall be the first  
31 day following that separation from service; provided, the member or his or her retirement date  
32 had attained the age of fifty-nine (59) and had completed at least twenty-nine (29) years of total  
33 service or provided that the member on his or her retirement date had attained the age of sixty-  
34 five (65) and had completed at least ten (10) years of contributory service; or provided, that the

1 member on his or her retirement date had attained the age of fifty-five (55) and had completed  
2 twenty (20) years of total service provided, that the retirement allowance, as determined  
3 according to the formula in § 36-10-10 is reduced actuarially for each month that the age of the  
4 member is less than sixty-five (65) years, and who retire before October 1, 2009 or are eligible to  
5 retire as of September 30, 2009.

6 (ii) For members who become eligible to retire on or after October 1, 2009 and prior to  
7 July 1, 2012, benefits are available to members who have attained the age of sixty-two (62) and  
8 completed at least twenty-nine (29) years of total service or have attained the age of sixty-five  
9 (65) and completed at least ten (10) years of contributory service. For members in service as of  
10 October 1, 2009 who were not eligible to retire as of September 30, 2009 but become eligible to  
11 retire prior to July 1, 2012, who have a minimum retirement age of sixty-two (62), the retirement  
12 age will be adjusted downward in proportion to the amount of service the member has earned as  
13 of September 30, 2009. The proportional formula shall work as follows:

14 (1) The formula shall determine the first age of retirement eligibility under the laws in  
15 effect on September 30, 2009 which shall then be subtracted from the minimum retirement age of  
16 sixty-two (62).

17 (2) The formula shall then take the member's total service credit as of September 30,  
18 2009 as the numerator and the years of service credit determined under (1) as the denominator.

19 (3) The fraction determined in (2) above shall then be multiplied by the age difference  
20 determined in (1) to apply a reduction in years from age sixty-two (62).

21 (c) Effective July 1, 2012, the following shall apply to all members not eligible to retire  
22 prior to July 1, 2012:

23 (i) A member with contributory service on or after July 1, 2012, shall be eligible to retire  
24 upon the completion of at least five (5) years of contributory service and attainment of the  
25 member's Social Security retirement age.

26 (ii) For members with five (5) or more years of contributory service as of June 30, 2012,  
27 with contributory service on and after July 1, 2012, who have a retirement age of Social Security  
28 Retirement Age, the retirement age will be adjusted downward in proportion to the amount of  
29 service the member has earned as of June 30, 2012, but in no event shall a member's retirement  
30 age under this subparagraph (ii) be prior to the attainment of age fifty-nine (59) or prior to the  
31 member's retirement age determined under the laws in effect on June 30, 2012. The proportional  
32 formula shall work as follows:

33 (1) The formula shall determine the first age of retirement eligibility under the laws in  
34 effect on June 30, 2012 which shall then be subtracted from Social Security retirement age;

1           (2) The formula shall then take the member's total service credit as of June 30, 2012 as  
2 the numerator and the projected service at retirement age in effect on June 30, 2012 as the  
3 denominator;

4           (3) The fraction determined in (2) shall then be multiplied by the age difference  
5 determined in (1) to apply a reduction in years from Social Security retirement age.

6           (iii) A member who has completed twenty (20) or more years of total service and who  
7 has attained an age within five (5) years of the eligible retirement age under subparagraphs (c)(i)  
8 or (c)(ii) above, may elect to retire provided that the retirement allowance shall be reduced  
9 actuarially for each month that the age of the member is less than the eligible retirement age  
10 under subparagraphs (c)(i) or (c)(ii) above.

11           (iv) Notwithstanding any other provisions of section 36-10-9(c), a member who has  
12 completed ten (10) or more years of contributory service as of June 30, 2012, may elect to retire  
13 at his or her eligible retirement date as determined under paragraphs (1)(a) and (1)(b) above  
14 provided that a member making an election under this paragraph shall receive the member's  
15 retirement benefit determined and calculated based on the member's service and average  
16 compensation as of June 30, 2012. This provision shall be interpreted and administered in a  
17 manner to protect a member's accrued benefit on June 30, 2012.

18           (2) Any faculty employee at a public institution of higher education under the jurisdiction  
19 of the board of governors for higher education shall not be involuntarily retired upon attaining the  
20 age of seventy (70) years.

21           (3) Except as specifically provided in section 36-10-9.1, section 36-10-12 – 36-10-15,  
22 and section 45-21-19 – 45-21-22, (I) On or prior to June 30, 2012 no member shall be eligible for  
23 pension benefits under this chapter unless the member shall have been a contributing member of  
24 the employee's retirement system for at least ten (10) years, or (II) For members in active  
25 contributory service on or after July 1, 2012, the member shall have been a contributing member  
26 of the retirement system for at least five (5) years.

27           (ii) Provided, however, a person who has ten (10) years service credit on or before June  
28 16, 1991, shall be vested.

29           (iii) Furthermore, any past service credits purchased in accordance with section 36-9-38  
30 shall be counted towards vesting.

31           (iv) Any person who becomes a member of the employees' retirement system pursuant to  
32 section 45-21-4 shall be considered a contributing member for the purpose of chapter 21 of title  
33 45 and this chapter.

34           (v) Notwithstanding any other provision of law, no more than five (5) years of service

1 credit may be purchased by a member of the system. The five (5) year limit shall not apply to any  
2 purchases made prior to January 1, 1995. A member who has purchased more than five (5) years  
3 of service credits before January 1, 1995, shall be permitted to apply those purchases towards the  
4 member's service retirement. However, no further purchase will be permitted. Repayment in  
5 accordance with applicable law and regulation of any contribution previously withdrawn from the  
6 system shall not be deemed a purchase of service credit.

7 (vi) Notwithstanding any other provision of law, effective July 1, 2012, except for  
8 purchases under sections 16-16-7.1, 36-5-3, 36-9-31, 36-10-10.4, and 45-21-53, (A) For service  
9 purchases for time periods prior to a member's initial date of hire, the purchase must be made  
10 within three (3) years of the member's initial date of hire, (B) For service purchases for time  
11 periods for official periods of leave as authorized by law, the purchase must be made within three  
12 (3) years of the time the official leave was concluded by the member. Notwithstanding the  
13 preceding sentence, service purchases from time periods prior to June 30, 2012 may be made on  
14 or prior to June 30, 2015.

15 (4) No member of the employees' retirement system shall be permitted to purchase  
16 service credits for casual, ~~or~~ seasonal, or temporary employment, or emergency appointment, for  
17 employment as a page in the general assembly, or for employment at any state college or  
18 university while the employee is a student or graduate assistant of the college or university.

19 (5) Except as specifically provided in section 16-16-6.2 and 16-16-6.4, a member shall  
20 not receive service credit in this retirement system for any year or portion of it, which counts as  
21 service credit in any other retirement system in which the member is vested or from which the  
22 member is receiving a pension and/or any annual payment for life. This subsection shall not apply  
23 to any payments received pursuant to the federal Social Security Act or to payments from a  
24 military pension earned prior to participation in state or municipal employment, or to military  
25 service credits earned prior to participation in state or municipal employment.

26 (6) A member who seeks to purchase or receive service credit in this retirement system  
27 shall have the affirmative duty to disclose to the retirement board whether or not he or she is a  
28 vested member in any other retirement system and/or is receiving a pension, retirement  
29 allowance, or any annual payment for life. The retirement board shall have the right to investigate  
30 as to whether or not the member has utilized the same time of service for credit in any other  
31 retirement system. The member has an affirmative duty to cooperate with the retirement board  
32 including, by way of illustration and not by way of limitations the duty to furnish or have  
33 furnished to the retirement board any relevant information which is protected by any privacy act.

34 (7) A member who fails to cooperate with the retirement board shall not have the time of

1 service counted toward total service credit until such time as the member cooperates with the  
2 retirement board and until such time as the retirement board determines the validity of the service  
3 credit.

4 (8) A member who knowingly makes a false statement to the retirement board regarding  
5 service time or credit shall not be entitled to a retirement allowance and is entitled only to the  
6 return of his or her contributions without interest.

15 adjustment.

16 (d) For state employees not eligible to retire in accordance with this chapter as of  
17 September 30, 2009 and not eligible upon passage of this article, and for their beneficiaries, the

14 system determined as of the last day of the plan year preceding the calendar year in which the  
15 adjustment is granted, said percentage not to exceed four percent (4%) and not to be less than  
16 zero percent (0%), and (B) is equal to the lesser of the member’s retirement allowance or the first  
17 twenty-five thousand dollars (\$25,000) of retirement allowance, such twenty-five thousand  
18 dollars (\$25,000) amount to be indexed annually in the same percentage as determined under  
19 (g)(1)(A) above. The “Five-Year Average Investment Return” shall mean the average of the  
20 investment returns of the most recent five (5) plan years as determined by the retirement board.  
21 Subject to paragraph (g)(2) below, the benefit adjustment provided by this paragraph shall  
22 commence upon the third (3rd) anniversary of the date of retirement or the date on which the  
23 retiree reaches his or her Social Security retirement age, whichever is later. In the event the  
24 retirement board adjusts the actuarially assumed rate of return for the system, either upward or  
25 downward, the subtrahend shall be adjusted either upward or downward in the same amount.

26 (2) Except as provided in paragraph (g)(3), the benefit adjustments under this section for  
27 any plan year shall be suspended in their entirety unless the GASB Funded Ratio of the  
28 Employees’ Retirement System of Rhode Island, the Judicial Retirement Benefits Trust and the  
29 State Police Retirement Benefits Trust, calculated by the system’s actuary on an aggregate basis,  
30 exceeds eighty percent (80%) in which event the benefit adjustment will be reinstated for all  
31 members for such plan year.

32 In determining whether a funding level under this paragraph (g)(2) has been achieved, the  
33 actuary shall calculate the funding percentage after taking into account the reinstatement of any  
34 current or future benefit adjustment provided under this section. “GASB Funded Ratio” shall

1 mean the ratio of the actuarial value of assets to the actuarial accrued liability.

2 (3) Notwithstanding paragraph (g)(2), in each fifth plan year commencing after June 30,  
3 2012 commencing with the plan year ending June 30, 2017, and subsequently at intervals of five  
4 plan years, a benefit adjustment shall be calculated and made in accordance with paragraph (g)(1)  
5 above until the GASB Funded Ratio of the Employees' Retirement System of Rhode Island, the  
6 Judicial Retirement Benefits Trust and the State Police Retirement Benefits Trust, calculated by  
7 the system's actuary on an aggregate basis, exceeds eighty percent (80%).

8 (4) Notwithstanding any other provision of this chapter, the provisions of this paragraph  
9 (g) of Section 36-10-35 shall become effective July 1, 2012 and shall apply to any benefit

28 distress.

30 requires a different interpretation, have the following meanings:

9 actuarial assumptions approved by the board.

10           **36-10.2-4. Actuarial valuation methodology.** – Actuarial accounting methods used by  
11 the actuary in determining the funded percentage shall be determined by the board in compliance  
12 with all applicable public pension accounting laws, rules and regulations. The actuary or the  
13 board shall not, year to year, change actuarial methods for the sole purpose of achieving a more  
14 favorable funding or fiscal result. Any actuarial assumptions not determined by the board shall  
15 be made by the actuary in good faith and in accordance with accepted actuarial standards.

16           **36-10.2-5. Determination of endangered status.** – A plan is in endangered status for a  
17 plan year if the retirement board determines, in consultation with the plan actuary, that the plan:

18           (i) Has a funded percentage of fifty percent (50%) or less; and (ii) The plan’s funded  
19 percentage has decreased for five (5) consecutive plan years.

20           **36-10.2-6. Annual certification and notice requirements.** – (1) Not later than

25 year, the executive director of the retirement system shall, not later than thirty (30) business days  
26 following the certification, provide notification of the endangered status to the members,  
27 beneficiaries, the general assembly, the governor, the general treasurer and any local or municipal  
28 employer of a MERS plan determined to be in endangered status.

29           **36-10.2-7. Funding improvement strategy procedure.** – (1) In any case in which a plan  
30 is in endangered status for a plan year, except for a plan year where a plan is already in a funding  
31 improvement period and meeting its scheduled funding targets for the three (3) consecutive prior  
32 plan years, a funding improvement strategy shall be implemented not later than June 30<sup>th</sup>  
33 following the date the plan was certified as being in endangered status under section 36-10.2-6.  
34 The plan actuary shall submit preliminary funding improvement strategies including a default

1 strategy as described in subparagraphs (3) and (4) to the board for review not later than January  
2 1<sup>st</sup> following the date the plan was certified as being in endangered status under section 36-10.2-

5 reasonably anticipated experience and reasonable actuarial assumptions, the following  
6 requirements:

7 (a) The plan's funded percentage shall improve in accordance with paragraph (i) or  
8 paragraph (ii), applying the paragraph that produces the greater funded percentage increase for  
9 the plan in a ten (10) year period.

10 (i) As of the close of a ten (10) year funding improvement period, the plan's funded  
11 percentage shall equal or exceed the sum of:

12 (I) The plan's funded percentage as of the beginning of the plan year that the actuary  
13 initially certified the plan as endangered; plus

14 (II) Fifty percent (50%) of the difference between eighty percent (80%) and the plan's  
15 funded percentage under paragraph (I); or

16 (ii) The plan's funded percentage shall improve at the rate of at least one percent (1%)  
17 annually until the plan's funded percentage equals or exceeds eighty percent (80%).

18 (b) In the event that the state or a local municipality, as the employer of a plan,  
19 determines that, based on reasonable actuarial assumptions and upon exhaustion of all reasonable  
20 measures, the plan cannot reasonably be expected to meet the guidelines of subdivisions (i) and  
21 (ii), then the employer's legislative governing body shall provide a report to the retirement board,  
22 no later than March 1<sup>st</sup> following the date the plan was certified as being in endangered status  
23 under section 36-10.2-6, explaining why the plan is not reasonably expected to meet the  
24 guidelines of subdivisions (i) or (ii) and provide a reasonable funding improvement strategy to  
25 emerge from endangered status.

26 (3) Not later than January 1<sup>st</sup> following the date the plan was certified as being in  
27 endangered status under 36-10.2-6, the actuary shall provide to the board, and in the case of

29 least five (5) funding improvement strategies but no more than ten (10) funding improvement  
30 strategies showing revised benefit structures, revised contribution structures, or both, which, if  
31 adopted, may reasonably be expected to enable the plan to meet the applicable requirements  
32 found in subparagraph (2).

33 (4) In addition to any funding improvement strategies provided by the board in  
34 subparagraph (3), the board shall include a default funding improvement strategy ("Default A")

1 that shall show increases in employer and employee contributions under the plan necessary to  
2 achieve the applicable requirements found in subsection (2), assuming no amendments to reduce  
3 future benefit accruals under the plan.

4 (5) Not later than April 1<sup>st</sup> following the date the plan was certified as being in  
5 endangered status under section 36-10.2-6, the board shall submit the “Default A” strategy as  
6 described in subparagraph (4) and one additional funding improvement strategy, as selected by  
7 the board, to the general assembly.

8 (6) Not later than June 30<sup>th</sup> following the date the plan was certified as being in  
9 endangered status under section 36-10.2-6, the general assembly shall select and enact into law  
10 one of the two (2) submitted funding improvement strategies. If no funding improvement strategy  
11 is approved by the general assembly by June 30<sup>th</sup>, the “Default A” strategy as described in  
12 subparagraph (4) shall be enacted into law effective July 1<sup>st</sup> following the date the plan was  
13 certified as being in endangered status under section 36-10.2-6. “Default A” shall remain in  
14 effect until either the actuary certifies under section 36-10.2-6 for a plan year that the plan is no  
15 longer in endangered status or the general assembly selects a funding improvement strategy  
16 consistent with the provisions of this chapter.

17 **36-10.2-8. Funding improvement period.** – (1) The funding improvement period for  
18 any funding improvement strategy adopted pursuant to this chapter shall begin on the first day of  
19 July immediately after the adoption date of the funding improvement strategy.

20 (2) The funding improvement period shall be a ten (10) year period unless the actuary  
21 certifies under section 36-10.2-6 for a plan year that the plan is no longer in endangered status. In  
22 such a case, the funding improvement period shall end as of the close of the preceding plan year.

23 (3) A plan may not be amended during the funding improvement period so as to be  
24 inconsistent with the funding improvement strategy.

25 **36-10.2-9. Transition period.** – Effective for plan years beginning July 1, 2012 any new  
26 legislation enacted contemporaneously with this chapter that is expected to improve the funding  
27 percentage of such a plan to eighty percent (80%) or greater within a reasonable funding  
28 improvement period not to exceed twenty (20) years shall be considered to constitute a funding  
29 improvement strategy. The funding improvement period shall be governed by such enacted  
30 legislation and shall begin July 1, 2012.

31 **36-10.2-10. Severability.** – The holding of any section or sections or parts hereof to be  
32 void, ineffective, or unconstitutional for any cause shall not be deemed to affect any other section  
33 or part hereof.

1 The plan is established effective July 1, 2012, at which time contributions by employers and

4 26 U.S.C. 401(a), 414(d), and 414(k) (Internal Revenue Code) in effect from time to time as a

16 end of each payroll period, and the contribution shall be credited by the plan to the member’s  
17 individual account. The contributions shall be deducted from the member’s compensation before

20 in cash instead of having the contribution picked up by the employer.

21 (5) Contributions of employees shall be made by payroll deductions. Every member shall  
22 be considered to consent to payroll deductions. It is of no consequence that a payroll deduction  
23 may cause the compensation paid in cash to an employee to be reduced below the minimum  
24 required by law. Payment of an employee's compensation, less payroll deductions, is a full and  
25 complete discharge and satisfaction of all claims and demands by the employee relating to  
26 remuneration of services during the period covered by the payment, except with respect to the  
27 benefits provided under the plan.

28 (6) Additional voluntary member contributions may be permitted in accordance with this  
29 section in such manner as determined in the discretion of the commission.

4 **36-10.3-6. Supplemental employer and member contributions.** – (a) A supplemental  
5 member shall contribute to the member's individual account an amount equal to two percent (2%)  
6 of the member's compensation from July 1 to the following June 30 in addition to the  
7 requirements of section 36-10.3-4. For such members, a supplemental employer shall contribute  
8 to the member's individual account an amount equal to two percent (2%) of the member's  
9 compensation from July 1 to the following June 30 in addition to the requirements of section 36-  
10 10.3-5.

11 (b) A supplemental employer may request a different level of supplemental member  
12 contributions and supplemental employer contributions subject to the approval of the state  
13 investment commission.

14 **36-10.3-7. Vesting of contributions.** – (1) The total amount contributed by the member,

1 of the former employer to the account of the current employer. In any case in which a member

8 **16-16-12. Procedure for service retirement.** – Retirement of a member on a service  
9 retirement allowance shall be made by the retirement board as follows:

10 (a) Any member may retire upon his or her written application to the retirement board as  
11 of the first day of the calendar month in which the application was filed, provided the member  
12 was separated from service prior to filing the application, and further provided however, that if  
13 separation from service occurs during the month in which the application is filed, the effective  
14 date shall be the first day following the separation from service, and provided further that the  
15 member on retirement date has attained the age of sixty (60) years and has completed at least ten  
16 (10) years of contributory service on or before July 1, 2005, or regardless of age has completed  
17 twenty-eight (28) years of total service and has completed at least ten (10) years of contributory  
18 service on or before July 1, 2005, and who retire before October 1, 2009 or are eligible to retire as  
19 of September 30, 2009.

20 (ii) For teachers who become eligible to retire on or after October 1, 2009 [and prior to](#)  
21 [July 1, 2012](#), benefits are available to teachers who have attained the age of sixty-two (62) and  
22 completed at least ten (10) years of contributory service. For teachers in service as of October 1,  
23 2009 who were not eligible to retire as of September 30, 2009 [but became eligible to retire prior](#)  
24 [to July 1, 2012](#), the minimum retirement age of sixty-two (62) will be adjusted downward in  
25 proportion to the amount of service the member has earned as of September 30, 2009. The  
26 proportional formula shall work as follows:

27 (A) The formula shall determine the first age of retirement eligibility under the laws in  
28 effect on September 30, 2009 which shall then be subtracted from the minimum retirement age of  
29 sixty-two (62).

30 (B) The formula shall then take the teacher's total service credit as of September 30, 2009  
31 as the numerator and the years of service credit determined under (A) as the denominator.

32 (C) The fraction determined in (B) shall then be multiplied by the age difference in (1) to  
33 apply a reduction in years from age sixty-two (62).

34 (b) Any member, who has not completed at least ten (10) years of contributory service on

1 or before July 1, 2005, may retire upon his or her written application to the retirement board as of  
2 the first day of the calendar month in which the application was filed; provided, the member was  
3 separated from service prior thereto; and further provided, however, that if separation from  
4 service occurs during the month in which application is filed, the effective date shall be the first  
5 day following that separation from service; provided, the member on his or her retirement date  
6 had attained the age of fifty-nine (59) and had completed at least twenty-nine (29) years of total  
7 service; or provided, that the member on his or her retirement date had attained the age of sixty-  
8 five (65) and had completed at least ten (10) years of contributory service; or provided, that the  
9 member on his or her retirement date had attained the age of fifty-five (55) and had completed  
10 twenty (20) years of total service and provided, that the retirement allowance, as determined  
11 according to the formula in section 16-16-13 is reduced actuarially for each month that the age of  
12 the member is less than sixty-five (65) years and who retire before October 1, 2009 or are eligible  
13 to retire as of September 30, 2009.

14 (ii) For teachers who become eligible to retire on or after October 1, 2009 [and prior to](#)  
15 [July 1, 2012](#), benefits are available to teachers who have attained the age of sixty-two (62) and  
16 have completed at least twenty-nine (29) years of total service or have attained the age of sixty-  
17 five (65) and completed at least ten (10) years of contributory service. For teachers in service as  
18 of October 1, 2009 who were not eligible to retire as of September 30, 2009 [but become eligible](#)  
19 [to retire prior to July 1, 2012](#), who have a minimum retirement age of sixty-two (62), the  
20 retirement age will be adjusted downward in proportion to the amount of service the member has  
21 earned as of September 30, 2009. The proportional formula shall work as follows:

22 (A) The formula shall determine the first age of retirement eligibility under the laws in  
23 effect on September 30, 2009 which shall then be subtracted from the minimum retirement age of  
24 sixty-two (62).

25 (B) The formula shall then take the teacher's total service credit as of September 30, 2009  
26 as the numerator and the years of service credit determined under (A) as the denominator.

27 (C) The fraction determined in (B) shall then be multiplied by the age difference  
28 determined in (A) to apply a reduction in years from age sixty-two (62).

29 [\(c\) Effective July 1, 2012, the following shall apply to all teachers not eligible to retire](#)

12 mean the ratio of the actuarial value of assets to the actuarial accrued liability.

13 (3) Notwithstanding paragraph (e)(2), in each fifth plan year commencing after June 30,

21 to cover the shortfall or to deduct that amount from any moneys due the town from the state for  
22 any purpose other than for education. Disability determinations of present firefighters shall be

5 plan or equivalent thereof) established by the City of Cranston should the member cease  
6 employment with the City of Cranston or Teamsters Local Union No. 251 and re-enter the system  
7 with another participating employer who has accepted the provisions, as defined, in § 45-21-4.

8 ~~**45-21-8.1.** Exclusion of elected city, or town council members.~~ **Exclusion of elected**

14 municipal employees' retirement system, as a result of that elective service.

16 **prior service.** -- (a) No employee of a participating municipality whose membership in the  
17 retirement system is contingent on his or her own election to join under § 45-21-8(c), shall  
18 receive prior service credit unless the employee makes application for membership within one  
19 year from the effective date of participation of the municipality by which the employee is  
20 employed. Any employee who elects not to join this retirement system, as provided in § 45-21-  
21 8(b), may thereafter be admitted to membership, but no employee shall receive credit for prior  
22 service unless the employee applies for membership within one year from the effective date of  
23 participation of the municipality by which the employee is employed.

24 (b) Any member who becomes an employee after the effective date of participation by a  
25 municipality into the system, has the privilege of purchasing credit for prior service with the city  
26 or town of which the employee is now employed. This privilege does not become effective until a  
27 member has had at least one year of service following his or her latest reentry into membership  
28 with the system, and credit is granted only when the member makes a lump sum payment of six  
29 percent (6%) of the rate of compensation in effect on the date of reentry, plus regular interest,  
30 compounded annually from that date to the date of purchase. The maximum period of service that  
31 may be purchased under this section is ten (10) years. Upon granting prior service under the  
32 provisions of this section, the board shall bill the applicable city or town for its share of the total  
33 liability for the prior service. Effective July 1, 2012, any purchase requested under this paragraph  
34 shall be made by a member at full actuarial cost.

1           **45-21-12.1. Credit for service as a teacher or state employee.** -- Any member who has

5 contributing member for that period. All contributions made by the member for those periods of  
6 service shall be transferred in ~~total to~~ to this system and the retirement system shall calculate the  
7 full actuarial value of the accrued benefit with the former employer. If the full actuarial value of  
8 the accrued benefit with the former employer is greater than the total employee contributions  
9 transferred, the retirement system shall also transfer the difference between the full actuarial  
10 value of the accrued benefit with the former employer and the employee's contributions from the  
11 account of the former employer to the account of the current employing municipality. In any case  
12 in which a member has received a refund or refunds of contributions made to the system, the  
13 allowance of the previously stated credit for service is conditioned upon the repayment of the  
14 refund or refunds, including regular interest from the date of refund to the date of repayment. Any  
15 service as defined in this section for which no contributions were made, may be granted;  
16 provided, that the member pays to the retirement system a lump sum payment equal to the  
17 amount had he or she been a member during that period, plus interest as defined in this section.  
18 Effective July 1, 2012, any purchase requested under this paragraph shall be made by a member  
19 at full actuarial cost. The retirement board shall fix and determine rules and regulations that are  
20 needed to govern the provisions of this section.

21           **45-21-14.2. Leave of absence credits.** -- (a) Members with at least one year of  
22 membership credits who have been granted an official leave of absence without pay for illness,  
23 injury, educational or, any other reason, may receive credit for the leave by making contributions  
24 to the retirement system, in a lump sum, in an amount equal to the contribution the member  
25 would have made to the retirement system based upon the member's expected compensation but  
26 for the granting of leave without pay, plus regular interest compounded annually to date of  
27 payment; provided, that the member returns to service for at least one year immediately upon  
28 completion of that leave. Credit for leaves of absence under this section are limited, in the  
29 aggregate, during the total service of a member to a period of four (4) years maximum. Effective

31 actuarial cost.

32           (b) The retirement board fixes the time when and the conditions under which payments  
33 are made under this section.

34           (c) This section is exempt from the provisions of §§ 45-13-6 – 45-13-10.

1           **45-21-16. Retirement on service allowance.** -- Retirement of a member on a service  
2 retirement allowance shall be made by the retirement board as follows:

3           (1) (i) Any member who is eligible to retire on or before June 30, 2012, may retire upon  
4 the member's written application to the retirement board as of the first day of the calendar month  
5 in which the application was filed, provided the member was separated from service prior to the  
6 application, and provided, further, that if separation from service occurs during the month in  
7 which application is filed, the effective date is the first day following the separation from service,  
8 provided that the member at the time so specified for the member's retirement has attained the  
9 applicable minimum retirement age and has completed at least ten (10) years of total service or  
10 who, regardless of age, completed thirty (30) years of total service, and notwithstanding that  
11 during the period of notification the member has separated from service. The minimum ages for  
12 service retirement (except for employees completing thirty (30) years of service) is fifty-eight  
13 (58) years.

14           (ii) Effective July 1, 2012, the following shall apply to all members not eligible to retire  
15 prior to July 1, 2012:

16           (A) A member with contributory service on or after July 1, 2012, shall be eligible to retire  
17 upon the completion of at least five (5) years of contributory service and attainment of the

20 with contributory service on and after July 1, 2012, who have a retirement age of Social Security  
21 Retirement Age, the retirement age will be adjusted downward in proportion to the amount of  
22 service the member has earned as of June 30, 2012, but in no event shall a member's retirement  
23 age under this subparagraph (B) be prior to the attainment of age fifty-nine (59) or prior to the  
24 member's retirement age determined under the laws in effect on June 30, 2012. The proportional  
25 formula shall work as follows:

26           (1) The formula shall determine the first age of retirement eligibility under the laws in  
27 effect on June 30, 2012 which shall then be subtracted from Social Security retirement age;

28           (2) The formula shall then take the member's total service credit as of June 30, 2012 as  
29 the numerator and the projected service at retirement age in effect on June 30, 2012 as the  
30 denominator;

31           (3) The fraction determined in (2) shall then be multiplied by the age difference  
32 determined in (1) to apply a reduction in years from Social Security retirement age.

33           (C) A member who has completed twenty (20) or more years of total service and who has  
34 attained an age within five (5) years of the eligible retirement age under subparagraphs (ii)(A) or

1 (ii)(B) above, may elect to retire provided that the retirement allowance shall be reduced  
2 actuarially for each month that the age of the member is less than the eligible retirement age  
3 under subparagraphs (ii)(A) or (ii)(B) above.

4 (D) Notwithstanding any other provisions of section 42-21-16(1)(ii), a member who has  
5 completed ten (10) or more years of contributory service as of June 30, 2012, may elect to retire  
6 at his or her eligible retirement date as determined under paragraph (i) above provided that a  
7 member making an election under this paragraph shall receive the member's retirement benefit  
8 determined and calculated based on the member's service and average compensation as of June  
9 30, 2012. This provision shall be interpreted and administered in a manner to protect a member's  
10 accrued benefit on June 30, 2012.

11 (2) Except as specifically provided in §§ 45-21-19 through 45-21-22, no member is  
12 eligible for pension benefits under this chapter unless:

13 (I) On or prior to June 30, 2012 the member has been a contributing member of the  
14 employees' retirement system for at least ten (10) years; or

15 (II) For members in active contributory service on or after July 1, 2012, the member  
16 shall have been a contributing member of the employees' retirement system for at least five (5)  
17 years.

18 (i) Provided, however, a person who has ten (10) years service credit on or before June  
19 16, 1991 is vested.

20 (ii) Furthermore, any past service credits purchased in accordance with § 45-21-62 are  
21 counted towards vesting.

22 (iii) Any person who becomes a member of the employees' retirement system pursuant to  
23 § 45-21-4 shall be considered a contributing member for the purpose of this chapter.

24 (iv) Notwithstanding any other provision of law, no more than five (5) years of service  
25 credit may be purchased by a member of the System. The five (5)-year limit does not apply to any  
26 purchases made prior to the effective date of this provision. A member who has purchased more  
27 than five (5) years of service credit maximum, before January 1, 1995, shall be permitted to apply  
28 the purchases towards the member's service retirement. However, no further purchase will be  
29 permitted. Repayment, in accordance with applicable law and regulation, of any contribution  
30 previously withdrawn from the System is not deemed a purchase of service credit.

31 (v) Notwithstanding any other provision of law, effective July 1, 2012, except for  
32 purchases under sections 16-16-7.1, 36-5-3, 36-9-31, 36-10-10.4, and 45-21-53:

33 (I) For service purchases for time periods prior to a member's initial date of hire; the  
34 purchase must be made within three (3) years of the member's initial date of hire; and

1 (II) For service purchases for time periods for official periods of leave as authorized by  
2 law, the purchase must be made within three (3) years of the time the official leave was  
3 concluded by the member.

4 Notwithstanding (I) and (II) above, service purchases from time periods prior to June 30,  
5 2012 may be made on or prior to June 30, 2015.

6 (3) No member of the municipal employees' retirement system is permitted to purchase  
7 service credits for casual, temporary, emergency or seasonal employment, for employment as a  
8 page in the general assembly, or for employment at any state college or university while the  
9 employee is a student or graduate assistant of the college or university.

10 (4) A member does not receive service credit in this retirement system for any year or  
11 portion of a year, which counts as service credit in any other retirement system in which the  
12 member is vested or from which the member is receiving a pension and/or any annual payment  
13 for life. This subsection does not apply to any payments received pursuant to the Federal Social  
14 Security Act or to payments from a military pension earned prior to participation in state or  
15 municipal employment, or to military service credits earned prior to participation in state or  
16 municipal employment.

17 (5) A member who seeks to purchase or receive service credit in this retirement system  
18 has the affirmative duty to disclose to the retirement board whether or not he or she is a vested  
19 member in any other retirement system and/or is receiving a pension retirement allowance or any  
20 annual payment for life. The retirement board has the right to investigate whether or not the  
21 member has utilized the same time of service for credit in any other retirement system. The  
22 member has an affirmative duty to cooperate with the retirement board including, by way of  
23 illustration and not by way of limitation, the duty to furnish or have furnished to the retirement

18 and filed with the retirement board at the time of the beneficiary's retirement.

19 (2) For purposes of any election under this section the judge may designate more than  
20 one person to receive benefits after his or her death, provided that the designation shall specify  
21 the portion of the actuarial equivalent of the judge's retirement allowance to be paid to each  
22 person, and provided further that the aggregate actuarial value of the portions shall not exceed the  
23 actuarial equivalent of the judge's retirement benefit determined in the case of an election under  
24 this section as of the date of the judge's retirement.

25 (3) A judge selecting more than one person to receive benefits under this section may  
26 only select beneficiaries from among his or her children, adopted children, step-children, and/or  
27 spouse or domestic partner.

23 allowance, compounded annually from the year the cost of living adjustment was first payable to

25 For the purpose of that computation, credit shall be given for a full calendar year regardless of the  
26 effective date of the retirement allowance.

27 (b) Any judge who retired prior to January 31, 1980, shall be deemed for the purpose of  
28 this section to have retired on January 1, 1980.

29 (c) For judges not eligible to retire as of September 30, 2009 and not eligible upon  
30 passage of this article, and for their beneficiaries, the cost of living adjustment described in  
31 subsection (a) above shall only apply to the first thirty-five thousand dollars (\$35,000) of  
32 retirement allowance, indexed annually, and shall commence upon the third (3rd) anniversary of  
33 the date of retirement or when the retiree reaches age sixty-five (65), whichever is later. The

7 whichever is less on the month following the anniversary date of each succeeding year. For  
8 judges eligible to retire as of September 30, 2009 or eligible upon passage of this article, and for

14 justice or engaged after December 31, 1989 as a contributory justice, the annual benefit  
15 adjustment provided in any calendar year under this section shall be equal to (A) multiplied by  
16 (B) where (A) is equal to the percentage determined by subtracting five and one-half percent  
17 (5.5%) (the “subtrahend”) from the Five-Year Average Investment Return of the retirement  
18 system determined as of the last day of the plan year preceding the calendar year in which the  
19 adjustment is granted, said percentage not to exceed four percent (4%) and not to be less than

4 amended by adding thereto the following chapter:

5 CHAPTER 64

6 RETIREMENT SECURITY ACT FOR LOCALLY ADMINISTERED PENSION FUNDS

7 **45-64-1. Short title.** -- This chapter shall be known as and may be cited as the “Pathway  
8 to Retirement Security for Locally Administered Pension Funds Act.”

9 **45-64-2. Purpose.** -- The purpose of this chapter is to provide retirement security to  
10 current and retired municipal employees by codifying standards to promote the sustainability and  
11 longevity of pension plans established and administered by municipalities.

12 **45-64-3. Legislative Findings.** -- It is the intention of the general assembly to begin the  
13 process of ensuring the sustainability of locally administered pension plans and to advance and  
14 maintain the long-term stability of such plans. The general assembly finds and declares that:

15 (1) Rhode Island law authorizes and empowers municipalities to administer their own  
16 municipal pension plans; currently, there are thirty-six (36) such plans administered by twenty-  
17 four (24) municipalities.

18 (2) According to a report by the Office of the Auditor General entitled *Pension and*  
19 *OPEB Plans Administered by Rhode Island Municipalities* (September 2011): “Many municipal  
20 pension plans are severely underfunded which presents the risk that sufficient funds will not be  
21 available to meet promised benefits to retirees. It also undermines the overall fiscal health of the  
22 plan’s sponsor.”

23 (3) It is in the best interests of individual employees, taxpayers, municipalities and the  
24 state itself to maintain viable and sustainable municipal public pension plans. These interests  
25 include:

26 Preserving a level of pension benefits that is, over the long term, reasonable for current  
27 and retired municipal employees and affordable for taxpayers;

28 Avoiding significant and unanticipated retirement benefit reductions, which could cause  
29 an increase in poverty among retired municipal employees and a resulting strain on state social  
30 services;

31 Maintaining investments in infrastructure and education on the state and local levels in  
32 lieu of diverting critical resources to satisfy pension obligations;

33 Preventing the financial downgrade of municipalities by rating agencies as a result of  
34 unfunded pension obligations, which would make it more difficult to access the capital markets

1 and increase the costs of borrowing;

2 Encouraging rating agencies, in recognition of the state’s proactive approach toward  
3 financial discipline, to take positive credit actions on Rhode Island municipal bonds; and

4 Creating a more stable and well-managed environment in Rhode Island to attract new  
5 businesses and maintain and expand existing businesses, which will diminish the uncertainty and  
6 fiscal instability that accompany uncontrolled pension obligations.

7 (4) The first step in ensuring the viability and sustainability of local pension plans is to  
8 get an accurate analysis of the current condition and fiscal health of the individual plans.

9 **45-64-4. Definitions. --** As used in this chapter the following terms shall have the  
10 following meanings:

11 (1) “Actuarial experience study” means a report provided by an actuary that includes a  
12 recent discussion of plan experience, recommendations for actuarial assumptions and methods,  
13 and information about the actuarial impact of these recommendations on the liabilities and other  
14 key actuarial measures.

15 (2) “Annual actuarial valuation study” means a valuation of a locally administered plan  
16 completed by an actuary, and a certification based on that valuation indicating whether such plan  
17 is or is not in critical status, on an annual basis.

18 (3) “Critical status” means that, as determined by its actuary, as of the beginning of the  
19 plan year, a plan’s funded percentage for such plan year is less than sixty percent (60%).

20 (4) “Locally administered plan” or “plan” means any defined benefit pension plan  
21 established by a municipality for its employees, other than: (a) A plan that is part of the  
22 Employees’ Retirement System of Rhode Island as defined in chapter 36-8 or the Municipal  
23 Employees’ Retirement System of Rhode Island as defined in chapter 45-21; or (b) A plan  
24 established by a municipality that has filed for bankruptcy protection pursuant to chapter 9 of title  
25 11 of the United States Code, a plan established by a municipality for which a receiver has been  
26 appointed pursuant to chapter 45-9 or a plan established by a municipality for which a fiscal  
27 overseer has been appointed pursuant to chapter 45-9.

28 (5) “Municipality” means any town or city in the State of Rhode Island, any city or town  
29 housing authority, fire, water, sewer district, regional school district or public building authority  
30 as established by chapter 14 of title 37.

31 **45-64-5. Actuarial valuation methodology. --** Actuarial methods used by the actuary in  
32 preparing an actuarial experience study or annual actuarial valuation shall be in compliance with  
33 accepted actuarial standards and applicable public pension accounting laws, rules and regulations.  
34 The actuary shall not, year to year, change actuarial methods for the sole purpose of achieving a

1 more favorable funding or fiscal result. Any actuarial study shall be made by the actuary in good  
2 faith and in accordance with accepted actuarial standards.

3 **45-64-6. Certification and notice requirements.** -- (1) Every municipality that  
4 maintains a locally administered plan shall submit its initial annual actuarial valuation study to  
5 the study commission created herein under section 45-64-8 on or before April 1, 2012, and for  
6 each plan year ending on or after December 31, 2012, within six (6) months of completing such  
7 plan year. The initial actuarial experience study shall be submitted to the study commission on or  
8 before April 1, 2012, and subsequent actuarial experience studies must be submitted to the study  
9 commission no less frequently than once every three (3) years.

10 (2) In any case in which an actuary certifies that a locally administered plan is in critical  
11 status for a plan year, the municipality administering such a plan shall, not later than thirty (30)  
12 business days following the certification, provide notification of the critical status to the  
13 participants and beneficiaries of the plan and to the general assembly, the governor, the general  
14 treasurer, the director of revenue, and the auditor general. Within one hundred eighty (180) days  
15 of sending the critical status notice, the municipality's legislative governing body shall submit to  
16 the study commission a reasonable alternative funding improvement plan to emerge from critical  
17 status.

18 (3) The state shall reimburse every municipality for fifty percent (50%) of the cost of  
19 undertaking its annual actuarial valuation study.

20 **45-64-7. Failure to comply.** -- (1) With respect to any municipality that fails to comply  
21 with the requirements of this chapter within the prescribed time, the general treasurer is  
22 authorized to withhold moneys due to the municipality from the state for any purpose other than  
23 education, including, but not limited to, municipal aid and other aid provided under sections 45-  
24 13-5.1, 45-13-12, 44-34.1-2, 44-13-13, 44-18-18.1, 44-18-36.1(b) and 42-63.1-3.

25 **45-64-8. Study commission.** -- A study commission for locally administered plans shall  
26 be established to review existing legislation and pension plan administrative practices and to  
27 make recommendations for the improved security and funding of locally administered plans and  
28 other post-retirement benefit obligations of cities and towns. The commission shall consist of  
29 fourteen (14) members: the director of the department of revenue, or his or her designee; who  
30 shall be the chair, the auditor general, one member each representing the department of  
31 administration, the general treasurer, the League of Cities and Towns and the Rhode Island Public  
32 Expenditures Council, and three (3) members appointed by the governor representing municipal  
33 police, fire and non-public safety employees. In addition, the Speaker of the House and President  
34 of the State Senate shall each appoint one member to the commission and then shall jointly select

1 and appoint one elected mayor from a city or town with a population greater than 50,000, one  
2 elected mayor from a city or town with a population less than 50,000 and one appointed town  
3 administrator.

4 **45-64-9. Severability; Indispensable Party. --** The holding of any section or sections or  
5 parts hereof to be void, ineffective, or unconstitutional for any cause shall not be deemed to affect  
6 any other section or part hereof. The state shall be an indispensable party in any action contesting  
7 the validity of this chapter.

8 SECTION 23. This act shall take effect upon passage.
